

Colloquium

Data analysis and dimensionality reduction

主講人：林得勝 教授

國立陽明交通大學應用數學系

時 間：110 年 4 月 28 日(三) 14 : 30

地 點：應用數學系多媒體教室(理 408 室)

摘 要：

In this talk, I will briefly introduce some linear and nonlinear approaches to dimensionality reduction, including principle component analysis, multidimensional scaling and diffusion maps. A simple extension to spectral clustering will also be presented.
